Hey Gary,

All of the files you gave me yesterday are now live
http://www.epa.gov/region6/6sf/texas/san_jacinto/ri_fs.html

Yes, that page; after looking at it, it probably would work better to put the reports section under the aerial photo section.

Gary,

Do you want me to place them all on this page
http://www.epa.gov/region6/6sf/texas/san_jacinto/ri_fs.html?

I can place them all above the Aerial Photographs section, except for the site schedule of course.

Jessica,

Please add these the San Jacinto Remedial Investigation Report (SEMS #685734 & #685751) & Human Health Risk Assessment (SEMS #685631 & # 685633) on the San Jacinto web site. Please create a new section at the top titled "RI/FS Reports" & place it above the "Site Database" section & add the reports there.

Also, please add the San Jacinto Baseline Ecological Risk Assessment (on DVD I will give to you) under the RI/FS Reports heading too.

Also, please replace the Site Schedule file with the attached schedule file.
